Listen up, boy, you better listen well  
I got a couple things I'd like to say  
You probably don't care, but baby nor do I  
I'm gonna give it to you anyway

I got some words that you've never heard  
Chew you up and spit you out, drive you insane  
I can be sweet, I can be a beast  
Act just like a pissed off, love drunk, Killer Queen

I come first  
You're looking for something, I'm all that you need, babe  
I come first  
She don't mean a thing, and I'm not one for sharin'  
I don't care  
I know what I want, I just go out and grab it  
And no one's gonna get in my way, I'm gonna get mine  
(It's all I want)  
You (are all I need)  
I (don't wanna wait)  
I can give you everything  
Give (me what I want)  
Take (just what you need)  
She (can take a seat)

I'm not one to let you waste my time  
I'm an all or nothing kind of girl  
I won't just stand around and wait in line  
So shoot me straight before I tell the world

All that I'm saying is I'm not competing  
Do you really want the pick of the pack now?  
I'll give you everything you've dreamed of having  
I won't be held to something less than what I am

Better believe it, baby  
I come first  
You're looking for something, I'm all that you need, babe  
I come first  
She don't mean a thing, and I'm not one for sharin'  
I don't care  
I know what I want, I just go out and grab it  
And no one's gonna get in my way, I'm gonna get mine  
(It's all I want)  
You (are all I need)  
I (don't wanna wait)  
I can give you everything  
Give (me what I want)  
Take (just what you need)  
She (can take a seat)  
She don't have the sickness that you need

All I want (Give me everything)  
All I need (Cut her out for me)  
Make your move (Not just anything)  
All for me

I come first  
You're looking for something, I'm all that you need, babe  
I come first  
She don't mean a thing, and I'm not one for sharin'  
I don't care  
I know what I want, I just go out and grab it  
And no one's gonna get in my way, I'm gonna get mine

I come first  
You're needing the best and there's no one that's better  
I come first  
You know that you want it, so go on and take it  
I don't care  
About the other dreamer, she'll never compare  
And you'll see why cause I'm gonna get mine  
(It's all I want)  
You (are all I need)  
I (don't wanna wait)  
I can give you everything  
Give (me what I want)  
Take (just what you need)  
She (can take a seat)
