Dirty Love

I just can’t fight it

You made it right and

Showed me all the things I had somehow missed before

Got my attention

Almost addicted

Pain turned into pleasure and left me needing more

Cause I hate what I had before

Well, you’re so sweet and fun

But like it rougher than just two-hand-touch

Baby that’s my kind of talk

When you gimme d-d-dirty love

Your dirty love, dirty love

You give me d-d-dirty love

Your dirty love, dirty love

Yeah you give me d-d-dirty love

It’s what I’m after

Both have the power

Little give and take so we never have to break

I love that feelin

I overheat when passion marries fire

It burns like the Valley sun

Just a drip from it makes me numb

Cause you’re so sweet and fun

But like it rougher than just two-hand-touch

Baby that’s my kind of talk

When you gimme d-d-dirty love

Your dirty love, dirty love

You give me d-d-dirty love

Your dirty love, dirty love

Yeah you give me d-d-dirty

Oh you came and turned my light on

Bust in the front door

Gripped me like you’d never seen one

Got what you came for

Told me all the ways I caught ya

It was a thick load

Held me just a little longer

So I know when I’m left all alone

You’re rounding the bases back home

Cause you’re so sweet and fun

But like it rougher than just two-hand-touch

Oh baby that’s my kind of talk

When you gimme d-d-dirty love

Your dirty love, dirty love

You give me d-d-dirty love

Your dirty love, dirty love

Yeah you give me d-d-dirty love
