Give Me A Reason

You keep me guessing what's

Just around the next corner

I don't know, I don't know

You left me in the cold

Don't know to stay or go

No hope, no hope

But now that you're here I have to ask

Are you coming back?

Give me a reason, a reason

Why you keep me around, keep me around

Give me a reason, a reason

Why you tear me down

And expect me to come back around

Why do I work so hard?

Reopening my scars

No heart, no heart

Your ends begin to fray

My token take away

Parlay, parlay

So draw from the hat, you choose your fate

You’re drowning me out

Give me a reason, a reason

Why you keep me around, keep me around

Give me a reason, a reason

Why you tear me down

And expect me to come back around

But I can’t stay

Tell me who’s to blame

No, I can’t stay

I’ll leave you with just my name

Give me a reason, a reason

Why you keep me around, keep me around

Give me a reason, a reason

Why you tear me down

And expect me to come back around
