Look At Me Now

It’s a curse, my friend

Permanence over words til the end

Been working so long to take this bow

And everybody’s looking at me now

What’s up?

It’s a crime devised

Just to wear a disguise, in your eyes

But now I’m inclined to disallow

Cause everybody’s looking at me now

While I’m moving, grooving, ruling

Naked, rated, hated

Feeling, breathing, screaming

I’m waiting, chasing

Look at me now

It’s a love on hold

You said the wind from the rush makes it cold

I still feel the heat when you’re not around

And everybody’s looking at me now

While I’m moving, grooving, ruling

Naked, rated, hated

Feeling, breathing, screaming

I’m waiting, chasing

Look at me now

Does it provoke your darkest of fantasies

Are you content with where you lie

Do you regret your wasted humanity

Are you content living a lie

While I’m moving, grooving, ruling

Naked, rated, hated

Feeling, breathing, screaming

I’m waiting, chasing

Look at me now
