Spell On Me

You put a spell on me

Cause you're all I see

You're my last thought in the dead of night

And my first thought in the morning light

You put a spell on me

You kill so tenderly

Did you know that you had me all along?

I may have come on strong but I just can't fight you

I can't fight you

I can't fight you

I can't fight you

You put a spell on me

Now everyone can see

The lack of dignity, full hypocrisy

And like a golden god you have blinded me with your red leather style, and your innocent guile

With the wave of your hand you will own me for miles

Ahhhh

You put a spell on me

I need a place to breathe

Cause I just can't fight you

I can’t fight you

I can’t fight you

I can’t fight you

Cause you levitate my soul

Now I’m under your control

Every wish is my command

Like a genie in the lamp

Can you catch me if I fall

Cause I’ve got no net at all

But you use your words so well

Now I’m underneath your spell

You put a spell on me

My love elixir fiend

I am drawn to your voice like a siren song

An obsessive mess

And I just can’t lose you

(Harboring)

I can’t lose you

(Jealousy)

I can’t lose you

(All I need is)

I can’t lose you

Cause you levitate my soul

Now I’m under your control

Every wish is my command

Like a genie in the lamp

Can you catch me if I fall

Cause I’ve got no net at all

But you use your words so well

Now I’m underneath your spell
